Description:

Review "A history of our time, seen from the bottom up, through the eyes of someone who decided for herself that things had to be changed...."—*New York Times Book Review* --This text refers to the edition.

From the Publisher Written without a trace of sentimentality or apology, this is an unforgettable personal story -- the truth as a remarkable young woman named Anne Moody lived it. To read her book is to know what it is to have grown up black in Mississippi in the forties an fifties -- and to have survived with pride and courage intact.

In this now classic autobiography, she details the sights, smells, and suffering of growing up in a racist society and candidly reveals the soul of a black girl who had the courage to challenge it. The result is a touchstone work: an accurate, authoritative portrait of black family life in the rural South and a moving account of a woman's indomitable heart. --This text refers to the edition.
