**Awesome NCLEX® Review Book!** *"I have purchased a lot of NCLEX Review Books, but this book by far has the most challenging questions. If you can work through this book, answer the questions, and read the rationales, you should have no problem passing NCLEX."*

**Definitely recommend this to pass your NCLEX®!** *"I purchased this book at the insistence of my block 4 instructor. I only used this book as preparation for my NCLEX. I passed it after only 76 questions. This book has higher level questions that require more advanced nursing school knowledge. A must for nursing school and NCLEX!!!!"*

**"I searched high and low...***for a program containing well-written, challenging NCLEX practice questions with rationales, and the capability to measure your own personal progress. Nothing I have found comes close to...Davis Edge."*—Amy Weber, Montgomery County Community College

**"Preparation for the NCLEX** *from the very beginning of nursing school."*—Alena Matti-Thomas, VEEB

**"Davis Edge** *was very user friendly and helped me successfully pass the NCLEX."*—Ashley Benton, Porter and Chester Institute

**Ohman is superb.** *"I found FA Davis NCLEX materials superior and accurate. One summer I used [Davis's Q&A Review for NCLEX-RN by Kathy Ohman] to augment two courses that included ATI content assessments. All students participating in the review scored level 3 (highest) after using Davis's Q&A Review for NCLEX-RN. The students were engaged and learned effective techniques."*

- Susan McCormick, instructor at Sam Houston State University
