**Description:**

**Review** "Book one of the Muses of Mayfair begins a promising new series with artistic women who must perform their vocations as males. Mad and Ferguson mature as a couple and help those around them through their problems." - Donna M. Brown, 4 star review RT Book Reviews

"...A feisty independent heroine tames an arrogantly handsome hero in this Regency romance filled with witty banter and dicey situations. Ramsey snares her readers from the first as she shares the

secret thoughts and longings of her characters through sensuous imagery and creative dialogue..." - Donna Zapf, 4.5 stars - Singletitles.com

**About the Author** Sara Ramsey writes fun, feisty Regency historical romances. She won the prestigious 2009 Romance Writers of America Golden Heart award with her second book, *Scotsmen Prefer Blondes*. Her first book, *Heiress Without A Cause*, was a 2011 Golden Heart finalist.

Sara grew up in a small town in Iowa, and her obsession with fashion, shoes, and all things British is clearly a rebellion against her hopelessly uncool youth. She graduated from Stanford University in 2003 with a degree in Symbolic Systems (also known as cognitive science) and a minor in history. She is currently living the hip romance writer life in San Francisco, California.
