### Description:

**From Publishers Weekly** Danticat's collection of stories detailing daily life under dictatorship in Haiti was a finalist for the National Book Award.

**From School Library Journal** YA?Danticat, born under Haitian dictatorship, moved to the U.S. 12 years ago. Many of the stories in this moving collection reflect the misery she has observed from afar and leave readers with a deep sadness for her native country. Survivors at sea in a too-small, leaky boat endure any indignity for the chance at escape. Selections about those remaining in Haiti

have a dreamlike quality. A woman must watch her mother rot in prison for political crimes. A young father longs so much to fly that he gives his life for a few moments in the air. A prostitute plies her trade while her son sleeps. "New York Day Women" shows what life might be like in the U.S. for immigrants without resources. Through unencumbered prose, the author explores the effects of politics on people and especially the consequences of oppression on women, the themes of which figure into each of these vignettes.?Ginny Ryder, Lee High School, Springfield, VA
