**Description:**

**About the Author** NJ Cole is a witty, midwestern girl with a kinky side. She works by day and writes by night, all while being a mother to her wonderful boys and serving her Sir. Unlike many of today's authors, she chooses to write in first person, allowing the readers to experience life through the eyes of the unique characters that live in her head. Her love of those characters and respect for their stories come through loud and clear in her writing. With over two million reads of her online work in the past six months, NJ Cole is clearly an up and coming author.
