## Description:

*Peaceful Kingdom* chronicles amazing true stories of devotion and bravery from the animal world. Included are both well-publicized cases, such as the gorilla who tenderly carried an injured child to safety, and the more obscure--the German shepherd who visited the grave of his deceased owner every day at the same hour. Even ants are caught in heroic acts: they're observed pulling a thorn from an injured comrade. The animals in this book are viewed as compassionate, thinking creatures that experience real emotions--hardly news to animal lovers. *Peaceful Kingdom* also reflects human acts of kindness to animals. Edward Lear, the famous author of "The Owl and the Pussycat," built his new house as an exact replica of his old one to keep from traumatizing his beloved cat. *Peaceful Kingdom* is an intriguing and heartwarming journey into the lives of some astonishing animals.

**Review** "A uniquely memorable and inspiring gift for animal lovers around the world!"- Doris Day

This book is a loving tribute to all creatures, great and small. -Tippi Hedren
