Description:

From School Library Journal Grade 9 Up-Jessica Mastriani, 16, has been having psychic visions ever since she was struck by lightning, earning her the nickname Lightning Girl at school. When a cheerleader disappears and is found dead, Jessica reluctantly uses her psychic abilities to catch the culprits. This third addition to a series by the author (aka Meg Cabot) of *The Princess Diaries* (HarperCollins, 2000) will be popular with teen girls. The author accurately captures the voice of the narrator, a girl just beyond the boundaries of the popular crowd. The blend of romance and suspense adds to the appeal, as does the protagonist's take-charge attitude in solving the crime. With so many series out there, librarians may want to purchase one or two of the volumes to see how they will be received.
