Description:

Review "Beautifully written, this title is one that will really satisfy the reader" **** Emotionally Fourteen "[a] well-written set-up for what promises to be an exciting new action adventure series" www.starwarsaficionado.com --This text refers to an out of print or unavailable edition of this title.

From the Author *Knight Errant* follows Kerra Holt, a young Jedi operating in Sith space during a time in which the Republic and Jedi Order have largely abandoned many systems to their fates. The Outer Rim is a crazy-quilt patchwork of mini-empires controlled still crazier Sith Lords, all of whom have their own deranged spins on Sith philosophy and a healthy hatred for their rivals. Hiding

among the enslaved citizens, Kerra sees Sith madness up-close -- and acts. But how much can a Jedi alone do -- and can she really trust anyone at all?

Kerra Holt also appears in *Knight Errant* comics from Dark Horse, but the novel stands alone, providing an easy entry into this tumultuous era in *Star Wars* history. Depicting a time 1,000 years before *Episode I* and a place where Sith rule is near-absolute, *Knight Errant* asks its heroine what it means to be a Jedi when hope is nearly gone.
