Description:

The Cure gives the diagnosis of this century's religious obsession with sin-management. It has poisoned the Church, obscuring the Original Good News and sending millions away-wounded, angry and cynical, from nearly any organized expression of faith. The Cure offers an authentic experience

in Christ that frees some from a self-rewarded righteousness, and others from a beaten down striving for a righteousness they can never seem to attain. The Cure infuses a relational theology of grace and identity, which alone can heal, free and create sustainable, genuine, loving, life-giving communities.
