Description:

Full of karate, pistol-whipping, and other malevolent mayhem, Catherine Coulter's *The Maze* could be described as a junior-varsity version of *Silence of the Lambs*. As in that novel, the heroine in *The Maze*, Lacey Sherlock, becomes an FBI agent to help unravel the mysteries of her own past. Seven years after her sister was brutally slain by a serial killer (the wonderfully creepy "String Killer"), Lacey is assigned to the FBI's Criminal Apprehension Unit (CAU). The CAU, headed by brawny bureau egghead Dillon Savich, uses computer modeling to catch the baddest guys around--it's like profiling, but with databases. Before you know it, Dillon and Lacey are tangling with the String Killer. Even when the scenarios are not terribly inventive--"Let's use Lacey as bait! What a great idea!"--Coulter makes sure that her bad guys are good and twisted. A touch of bloody-mindedness can cover up a multitude of sins, and on that score, *The Maze* satisfies. --This text refers to an out of print or unavailable edition of this title.

From Library Journal Despite nightmares and a near nervous breakdown caused by her stepsister's murder at the hand of a serial killer seven years earlier, Lacey Sherlock has abandoned her dream of a career as a musician and has become an FBI agent. When, as her first assignment, she is attached to Dillon Savich's Criminal Apprehension Unit (which uses a specialized profiling computer program), she has the chance to work on the case that has obsessed her?and finds herself irresistibly drawn to her boss. Coulter's suspense is well drawn?although the listener easily spots one of the villains early in the story?and if Dillon is too good to be true, the action of the story helps to overcome these weaknesses. Susan Eriksen's reading is spirited and emotive with effective character vocalizations. For popular collections.?Melody Moxley, Rowan P.L., Salisbury, N.C.
