Description:

If your dog has cancer, you need this book.

No matter what you've heard, there are always steps you can take to help your dog fight (and even beat) cancer.

This scientifically researched guide is your complete reference for practical, evidence-based strategies that can optimize the life quality and longevity for your dog. No matter what diagnosis or stage of cancer your dog has, this book is packed with precious advice that can help now.

Discover the Full Spectrum approach to dog cancer care:

- Everything you need to know about conventional western veterinary treatments (surgery, chemotherapy and radiation) including how to reduce their side effects.
- The most effective non-conventional options, including botanical nutraceuticals, supplements, nutrition, and mind-body medicine.
- How to analyze the options and develop a specific plan for your own dog based on your dog's type of cancer, your dog's age, your financial and time budget, your personality, and many other personal factors.

Imagine looking back at this time in your life, five years from now, and having not a single regret. You can help your dog fight cancer and you can honor your dog's life by living each moment to the fullest, starting now. This book can help you as it has helped thousands of other dog lovers.

The Authors

Dr. Demian Dressler, DVM practices in Hawaii and is internationally recognized as "the dog cancer vet" and blogs at DogCancerBlog.com. Dr. Susan Ettinger, DVM is a veterinary oncologist and a diplomate of the American College of Internal Medicine who practices in New York.

Praise from Veterinarians, Authors & Book Reviewers

"The future is upon us and this ground-breaking book is a vital cornerstone. In dealing with cancer, our worst illness, this Survival Guide is educational, logical, expansive, embracing, honest and so needed."

Dr. Marty Goldstein, DVM

Holistic veterinarian and Host, Ask Martha Stewart's Vet on Sirius Radio

"The message of this book jumps off the written page and into the heart of every reader, and will become the at home bible for cancer care of dogs. The authors have given you a sensible and systematic approach that practicing veterinarians will cherish. I found the book inspiring and, clearly, it will become part of my daily approach to cancer therapy for my own patients."

Dr. Robert B. Cohen, VMD

Bay Street Animal Hospital, New York

"I wish that I had had The Dog Cancer Survival Guide when my dearly beloved Flat-coated Retriever, Odin, contracted cancer. It would have provided me alternative courses of action, as well as some well needed "reality checks" which were not available from conversations with my veterinarian. It should be on every dog owner's book shelf-just in case..."

Dr. Stanley Coren, PhD, FRSC

author of many books, including Born to Bark

"A comprehensive guide that distills both alternative and allopathic cancer treatments in dogs...With the overwhelming amount of conflicting information about cancer prevention and treatment, this book provides a pet owner with an easy to follow approach to one of the most serious diseases in animals."

Dr. Barbara Royal, DVM

The Royal Treatment Veterinary Center, Oprah Winfrey's Chicago veterinarian

"Picking up The Dog Cancer Survival Guide is anything but a downer: it's an 'empowerer.' It will make you feel like the best medical advocate for your dog. It covers canine cancer topics to an unprecedented depth and breadth from emotional coping strategies to prevention-in plain English. Read this book, and you will understand cancer stages, treatment options, and types, and much more. If you have just had the dreaded news, pick up a copy and it will guide the decisions your dog trusts you to make."

Laure-Anne Viselé

Dog behavior specialist and technical dog writer, CanisBonus.com
