Description:

The tenth-anniversary edition of the definitive account of the Enron scandal, updated with a new chapter

The Enron scandal brought down one of the most admired companies of the 1990s. Countless books

and articles were written about it, but only *The Smartest Guys in the Room* holds up a decade later as the definitive narrative. For this tenth anniversary edition, McLean and Elkind have revisited the fall of Enron and its aftermath, in a new chapter that asks why Enron still matters. They also reveal the fates of the key players in the scandal.
