#### Description:

Teenager Stanley Hoff has it hard. He's hairier by the minute, his teeth ache, and the moon makes him howl and growl. Worse, his mom's a witch. And Stanley? He's *WICKED HUNGRY*, but there's no meat to eat in his vegetarian home.

After a locker room confrontation with a high school bully makes Stanley famous, childhood crush Meredith invites him to her Halloween party. More than fine, except his best friend Karen has

broken up with *her* boyfriend and wants to be more than friends. But when Karen turns allergic to sunlight, Stanley has to wonder is she interested in Stanley as a boyfriend, or as... *food*?

As a supernatural threat menaces his friends, his high school and his suburban New England community, Stanley struggles not just with his hunger and the beast within... but to survive.
